
You are cordially invited to a
community open house regarding
**Public Improvements to S.R. 315 and
City Streets within the Vicinity of the
North Broadway and Olentangy River
Road Intersection**

Monday, May 22, 2017
11 a.m. – 1 p.m. and 5 – 7 p.m.
OhioHealth Arthur G.H. Bing, MD, Cancer Center
500 Thomas Lane
Lower Level, Conference Rooms A & B
(Located across the street from Riverside Methodist Hospital)

The City of Columbus, OhioHealth, and the Ohio Department of Transportation are collaborating on a series of public infrastructure projects that will improve vehicular, bicycle and pedestrian access within the North Broadway and Olentangy River Road corridors to accommodate OhioHealth's new administrative offices and future redevelopment opportunities in the area.

The planned improvements will enhance safety and operations on S.R. 315, associated entrance/exit ramps and City street intersections and will include:

- Roadway pavement reconstruction, resurfacing and widening
- New roadway construction
- Upgrades to traffic signals, signage, and median modifications
- Sidewalks, curbs, curb ramps and shared-use path
- Street lights and trees
- Additional improvements for safety and traffic movement

The projects are in the initial stages of design. Public comments and suggestions are encouraged during the design phase.

Representatives from the City of Columbus, Ohio Department of Transportation and designers Burgess & Niple and Evans, Mechwart, Hambleton and Tilton (EMH&T), will be on-hand to answer questions. Exhibits illustrating proposed roadway features and property impacts will be on display.

Media inquiries may be directed to Cynthia Rickman, Department of Development, City of Columbus - tel. (614) 645-8795, CJRickman@Columbus.gov

**Property owners with rental units:
Please share this invitation with tenants.**
