

Glen Echo Bridge

STARTING MONDAY, APRIL 10 AT 7 AM:

The US Route 23 (Indianola Avenue) bridge over the Glen Echo Ravine will close for six months.

Detour: Arcadia Avenue to High Street to Weber Road or reverse.

Pedestrians: Pedestrians will not be able to cross the bridge.

The pedestrian detour is Arcadia Avenue to Calumet Street to Olentangy Street or reverse.

Please note, the stairs to the park on the northeast side of the bridge will NOT be accessible.

QUESTIONS: Call 740-833-8222 or email d06.pio@dot.ohio.gov

Vehicular Detour: Arcadia Ave. to High St. to Weber Rd. or reverse.

Pedestrian Detour: Arcadia Ave. to Calumet St. to Olentangy St. or reverse.

Slow down or move over for roadside workers. It's the law.

Glen Echo Bridge

Project Details

- Rehabilitates existing arch and bridge
- Replaces exterior concrete and bridge walls
- Provides a new driving surface
- Replaces the bridge railing
- Repairs the stairwell from Indianola Ave. to the park below
- Paints the bridge walls and arch below
- Plants 123 trees

Access to the bridge and the ravine below will be strictly prohibited during construction. There will be a chain link fence around the entire bridge. Work vehicles will access the arch using the dirt road from Glen Echo Drive, east of the bridge.
