

Clintonville GreenSpot – the Green Committee of the Clintonville Area Commission

Quarterly Meeting

Tuesday August 9th, 2022 7:00-8:00pm

Weather Permitting, Outdoors at the Pollinator Gardens @ Fire Station 19, just south of Whetstone

3601 N High St, Columbus, OH 43214

In the case of inclement weather, rain date back a week to 8/16/2022 7pm

Meeting Agenda

7:00 Welcome and Announcements

- The creation of a new volunteer group “Friends of Station 19 Garden Club”
- Call for leadership and members for the new volunteer group
- Clintonville GreenSpot will continue to support the Fire Station effort, administratively and with muscle power! However, it is time for our committee to focus on a new effort in greater Clintonville. We will poll the committee for project ideas at the end of the meeting. With a whole neighborhood to care for, it is time to hand off the reins at the fire station to new leaders. What is possible to create at the station? What benefits has this project brought to the neighborhood thus far, and how much further can it go? Did you know that we have an approved site maintenance workplan from the Historic Resource Commission with a few unfinished items yet to go? Did you know that we are also finishing up our Conservation Mini-Grant from FCSWCD (final step: educational signage)? Is it possible to create a plant nursery on site by next spring? How else can we support our neighborhood’s first responders while creating a positive public space/neighborhood asset? This is a turn-key educational, volunteering, and civic service opportunity for new leaders and helpful citizens. It’s also FUN and REWARDING to work at the station!

7:10 Tour of the Garden / Q&A

7:40 Guest Speakers and Committee Input

- Introduction of Franklin County Soil and Water Conservation District staff
- Introductions of CAC Commissioners
- Thoughts, Proposals, Ideas, and Input from Committee Members

8:00 Adjourn

- You are welcome to stay, mingle, ask questions, and explore the grounds of the station for inspiration until around 8:30
