highway ramp litter cleanup project which will take place on Saturday March 11. District 4 is organizing a crew to clean up the I-71/N Broadway intersection, and residents of District 4 have really stepped up to help; so far 12 volunteers. Anyone who is interested in helping out, please let me know.

District 5 – Brittany Boulton

- Organized a 311 Training for Clintonville residents with the 311 team from the city. Thank you to Carmen Duckens, the 311 Service Manager, who has been with 311 since Day 1, for organizing this event and bringing her responders. Also thank you to Department of Neighborhoods Deputy Director Todd Dieffenderfer. Special thanks to Commissioner Crowell for promoting the event to his list, and to Commissioners White and Moritz for attending. 311 has added ten new staff, is now taking in-person meetings, and has expanded their hours to 7 AM 7 PM.
- Met with neighbor about I-71 N entrance ramp and Cooke Rd. The catalyst for this meeting 0 was advocacy from my neighbor, Jess Lamar Reece Holler, who commutes daily to Marion and has seen numerous crashes at the I-71 N entrance ramp coming off of Cooke Road. Neighbors and Commissoner Boulton have attempted to submit 311 requests for service to request traffic signaling at this dangerous intersection, but run into error messages on the 311 website when trying to use the mapping tool. The reason for this, we learned, is that the exact intersection is not strictly Columbus jurisdiction. ODOT oversees the entrance ramp and Clinton Township borders much of the intersection. Would like to work with the City to convene a conversation between the City of Columbus, Clinton Township, and Franklin County to consider traffic signaling at this intersection. The west-bound cars coming from Cooke Road have no stop sign and continue past Glenmawr and east-bound cars from Cooke Road attempting to head straight onto 71-N. I also want to encourage neighbors to email 311 at <u>311@columbus.gov</u> or call them at 614-645-3111 if you run into similar issues with the mapping tool - their staff will be able to tell you if you are running into a jurisdictional issue like this that's preventing you from submitting a request.

Cooke Road Entrance Ramp Issue - Area of Safety Concern

Treas	urer's Report – Treasurer White
•	Will be attending treasurers from the city 03/18/2023;
•	Beginning Balance – \$1752.05
•	Ending Balance – 1685.17
	 Expenses – Centipede Graphics = \$66.88
Upda	te from City of Columbus –
Repre	esentatives from Department of Neighborhoods – David Hooie
•	Thanked CAC members for attending growth and density (75 commissioners; first in person training
	since COVID)
•	Trainings are recommended by various commissions
	 Request for city attorney training only (Steve Dunbar) via webex
	 Sunshine law, abatements and other topics will be discussed
•	Two networking sessions for commissions this year are being planned (Venue to be determined)
•	Fiscal management (Recommended for Treasurer's) will likely be at Linden Rec Center; Last day to
	spend funds is April 30 th , Close out reports due May 31, 2023
•	Citywide elections have until April 1 st to determine if participating in citywide election O Chair Vottero – CAC is intending to participate in citywide elections
	 Only commissions that have competitive elections are hilltop and far east; 16 commissions
	with vacancies
•	CBUS website migrating to new software -> More details to come
•	Zoning process -> Mayor Ginther has asked to see if we can speed up the processes for zoning with
	Zoning and Area commissions -> Will also be added to best practices from the city
City	Council – No Updates presented
Colu	mbus Police Department – Officer Montgomery
•	Crime is low except for Henderson Rd Home invasion
	 Redistricting of police precincts is going on in the city
	 Non street legal dirt bike in Sharon meadows park brought up via Commissioner White -> Officer Montgomery to follow up on this report (No officers showed up though were 3 reported calls to
	police officers
Public	c Comments:
	and Speeding – N. Broadway; shortage of officers (Will put in a request for motorcycle officers)
	ess owner that there is a homeless camp by the business; Police told them that nothing they can do about
	ne right of way by the property -> Weber and right before the railroad tracks -> Petro Annie's and the
railroa	d tracks -> Will try to get over there on 03/03/2023)
City A	Attorney's Office – Chassidy Barham
•	Last meeting with CAC (moving out of state); Immediate needs contact supervisor Steve Dunbar
•	Bench Billboards case (City of Columbus v. Bench Billboard Company, 2021EVH060095) is set for
	hearing on March 15th at 12:00 p.m. If you have any questions or concerns regarding that case, please
	contact Assistant City Attorney Sarah Pomeroy. She can be reached at either
	SCPomeroy@columbus.gov or 614-645-8619.
Publi	c Comment –
Rex S	Acton Rd) - Request to ask if we could have a US Flag and have one at these meetings; Also see if we can
do the	pledge of allegiance before each session
	CAC Chair will see if we can have access to a flag from the library
	Different commissions do different things
	Tomko (E North Broadway) – 201 N. Broadway is objectionable; Asking for a variance for a hardship of
	wn making; Ask that the approval of committee slates be delayed
-	Jutter (W North Broadway) – 201 N. Broadway concerns about density; Zoned only for single family
	-> Request that the variances not also be lumped together; Zoned R-3
	Wilson (W North Broadway) – 201 N. Broadway not in favor of that property being rezoned; Also rned about Z&V committee changes
CONCER	

 Kristin S (W North Broadway) – 201 N. Broadway; Concerned about that property being rezoned Cris W (W North Broadway) – 201 N. Broadway; Concerned about that property being rezoned Mary Rogers (N Broadway) – N. Broadway street association; Concerned about that property being rezoned; Developer not willing to have a discussion; Developer attempted to bypass CAC with a council variance
Approval of 2023 Committee Slates – Chair Vottero
General Discussion:
Committee chairs should be responsible to help screen the candidates and ensure they are residents
of Clintonville
 Additionally Brittany in obtaining letters of interest all should have had their street address listed or had provide the providet t
 listed or had previously been vouched Are incumbent members required to stay signed up to remain a member of a committee?
 Believe that there is some level of interest that needs to be expressed shouldn't just be assumed
 Interested members in participating in a committee whether new or existing have multiple pathways to express interest
 Reaching out to the larger Clintonville Area Commission
 Reaching out to the committee chair who shares their slate with the Clintonville Area
 Commission Existing members of a committee expressing interest to the chair or during a committee meeting
 Current cycle for Committee processes is still under the same approach as it was before city wide elections. Timing of everything has just changed from the summer months to the winter months and
 this has been reflected in the bylaw changes Greenspot is still technically under the Clintonville Area Commission based upon bylaws and not yet
being spun off based on projects/goals
Historic Buildings will not be voted on due to a need to better define goal of this committee
• Chair Vottero to reach out to the candidates and refer them to Planning and Development
Vote to approve the slates as proposed by chairs for the following committees – Election, Greenspot, Planning and Development, Tech/PR
Approved; Additional details about the committees can be found on the CAC website
Zoning and Variance:
General discussion - Should we consider updating by laws to not have as strict a limit on committee members
Vote to update bylaws to remove an exact member limit – Failed
Vote to approve current proposed slate – Approved; Additional details about the committees can be found on the CAC website
Utility Box Artwork – Commissioner White
• Project achieved with Clintonville Incorporated to have utility boxes through Clintonville have art work
displayed on them
 Utility box at Henderson and High the city has mounted a new box over the artwork Plan to have 311 requests placed either via email (311@columbus.gov.) or recommend to utilize 311
 Plan to have sill requests placed either via email (sill@columbus.gov.) or recommend to utilize sill and select neighborhood issue (Will route to David Hooie)
 Will also write letter to the city (CAC Chair Vottero) requesting that city address this issue
• Backup plan will be to use existing CAC funds as a special project to help pay for the artwork
 to be updated if working with the city is not successful Will bring back to the April CAC meeting for next steps.
• win string buck to the April CAC meeting for next steps.

	Public Comment: Libby Wetherholt (North Broadway) – Would like to see the box wrapped at city expense
	Clintonville Special Improvement Districts – Chair Vottero
	-> Tabled due to time
	 Continuation of discussion from February Meeting
	Tribute for Beth Stewart Magee - Commissioner Boulton
	-> Tabled due to time
	Announcement of Next Meeting - <i>The next meeting will be at 7pm on Thursday, April 6, at Whetstone Library.</i>
8:55	Adjourn
