Meeting started at 8:37 am

- Jacob provided an update on the Slow Down Clintonville survey – we received more than 150 respondents but the aim is to get closer to 250 responses.
 - Here is the URL for the survey: <https://docs.google.com/forms/d/e/1FAIpQLSfveWBs-5qLo9uF-INiKlorwJhtWXp-vXkUDxDip7eo9rmVKA/viewform>
- We have stickers and will print more flyers with QR code and URL for the survey and in the coming weeks, we will advertise the survey through our different networks:
 - CABA (Kuhel)
 - Spotlight (Boulton)
 - Bicycle shops in Clintonville (Moritz)
 - Farmers Market in the month of September (Moussi and others)
 - Kiwanis (Boulton)
 - Concert for Clintonville / Global Gallery (Boulton)
 - Whetstone Community Center (Moritz)
 - PTA Clinton and other schools in Clintonville -?
 - Scouts - ?
- Jacob submitted three proposals for the 2026 Participatory Budgeting initiative of City Council. The proposals can be found on this website: <https://common.oneproject.org/en/decisions/columbus/current?q=cac>. You can support the proposed projects by liking them and commenting on them. You first have to create an account but that only takes a minute.
- Mark proposed to get the city to reduce the speed on Weber from 35 to 25 mph. It is narrow two-lane road through residential areas and a school and playground. It should be a relatively easy effort. A small win may get us more buy-in.

Meeting was adjourned at 9:30 am.
